# WHO WE ARE

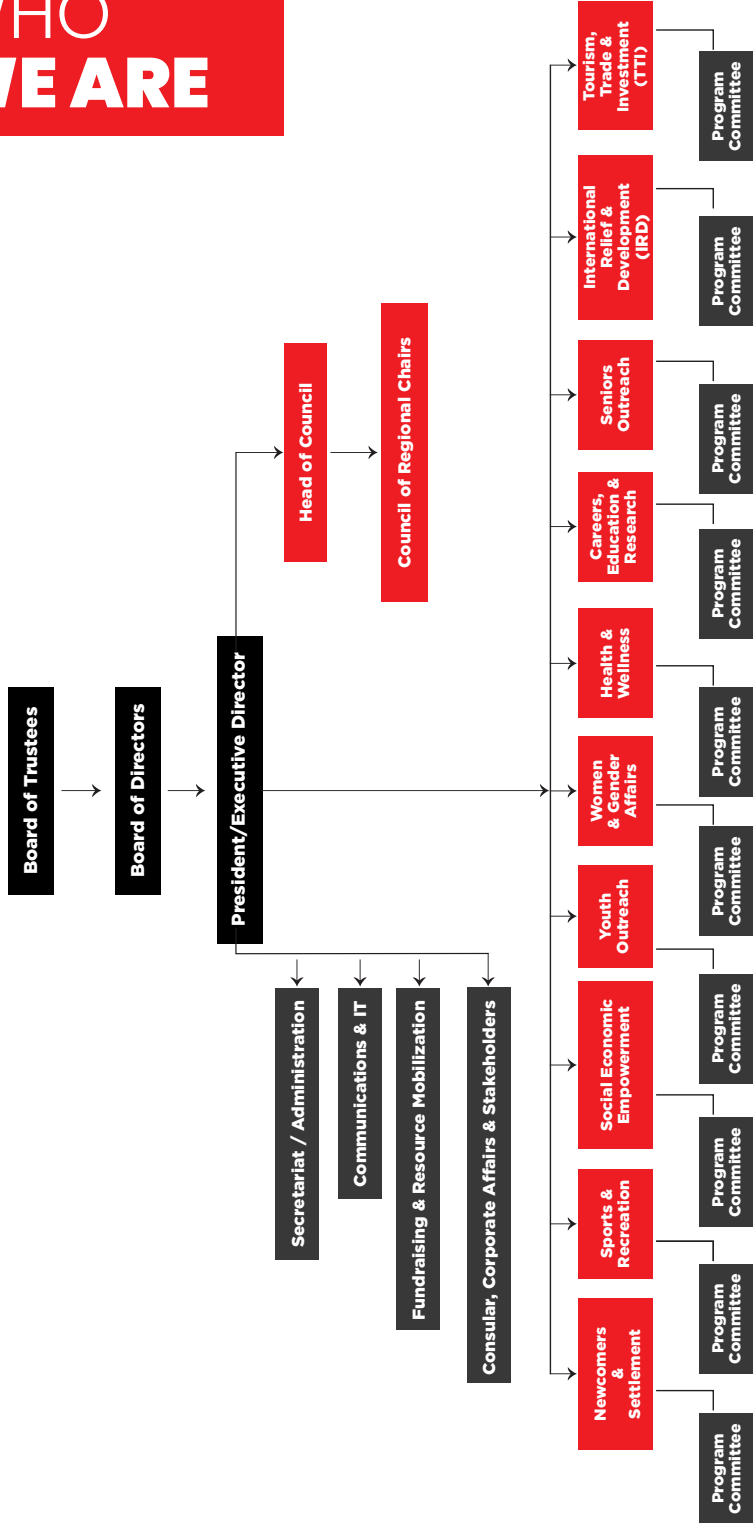

## Mission & Vision

**K**enyan Canadian Association – KCA is a federal not-for-profit organization, incorporated in August 2019, that seeks to address the issues affecting marginalized Canadians especially those of Kenyan origin, the black community and other visible minorities while assisting newcomers to settle and make a positive contribution in the society as they endeavor to achieve their goals. We serve program beneficiaries in 19 regions across Canada.

## Our Values

1. Encourage, empower and support community participation
2. Enable people to make their own choices
3. Prioritize those with the highest level of need and vulnerabilities
4. Respect and celebrate diversity and provide services that are inclusive and sensitive
5. Deliver accessible, high quality services in caring, safe environments which create a sense of wellbeing
6. Respond and be accountable to our community and funders
7. Manage resources efficiently and effectively
8. Value and respect staff and volunteers

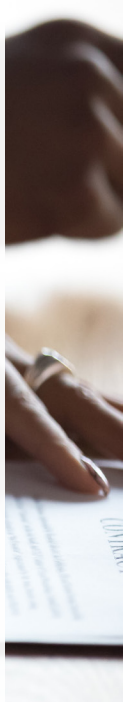

# WHAT WE DO

Since incorporation in August 2019, Kenyan Canadian Association has been implementing culturally appropriate programs and offering services to individuals, families and community groups in a caring and inclusive environment.

With a passionate team of skilled project staff and more than 30 committed volunteers, we're focused on meeting the needs of our community through our programs and services to newcomers, low-income families, racialized and socially-excluded groups to improve their personal wellbeing and social- economic status.

## How to **Donate**

**T**hese are hard times which makes your generosity all the more overwhelming. These days, it's hard to see the grave needs going unmet in the community. From increasing mental health cases to unemployment to decreasing housing affordability, there are signs everywhere of the precariousness of our situation.

At the same time, however, Kenyan Canadian Association, which was founded upon the compassionate drive to recognize and address the social-economic inequities in our society, has been fighting not only to alleviate problems but also to identify root causes and advocate for appropriate policy changes.

Pursuing this mission, nevertheless, requires healthy financial foundation. In the end, the heart of our financial foundation is built by conscientious kind people like you, who recognize that our services are meeting the real needs, and that further solutions and interventions are necessary.

We are, therefore, appealing for your personal support of our mission.

You can donate directly on our website at [\*\*www.kcacanada.org/donate.php\*\*](http://www.kcacanada.org/donate.php)

We thank you very much for your compassion and support.
